

Prof. Kazushi Kanoda
University of Tokyo, Japan

University of Tokyo
Department of Applied Physics, University of Tokyo, Hongo 7-3-1,
Bunkyo-ku, Tokyo 113-8656, Japan
E-mail: kanoda@ap.t.u-tokyo.ac.jp

Education and profession

- Bachelor of Engineering; Department of Nuclear Engineering, Tohoku University, 1981
- Ph.D; Department of Nuclear Engineering, Kyoto University, 1986
- Member of Technical Staff, Institute for Chemical Research, Kyoto University, 1986-1987
- Research Associate, Department of Physics, Gakushuin University, 1987-1991
- Associate Professor, Institute for Molecular Science, 1991-1997
- Associate Professor, Department of Applied Physics, University of Tokyo, 1997-1999
- Professor, Department of Applied Physics, University of Tokyo, 1999-present

Research field

Experimental study of condensed matter physics
