Company Introduction

Novalded GmbH, a leader in the organic light-emitting diode (*OLED*) field, specializes in high efficiency, long-lifetime OLED structures.

With expertise in synthetic and analytical chemistry, we offer complete solutions for the **organic electronic markets**, commercializing **Novalded's Doping technology** and **materials**. Novalded's expertise is unique in combining physics, chemistry and engineering support.

Novalded has developed long-term partnerships with major OLED players worldwide. Our strong *IP* position in OLED technology is based on more than 500 patents granted or pending.

In operation since March 2003, **Novalded is headquartered in Dresden, Germany** with branch offices in Asia.
