Company Instruction

About Samsung Display Co., Ltd.

Samsung Display Co., Ltd. is a global leader in display panel market, with LCD and OLED technologies and products. Operating nine production facilities and sixteen sales offices worldwide, Samsung Display specializes in high-quality displays for consumer, mobile, IT, automotive and industrial usage, including those featuring OLED (organic light emitting diode) and LCD technologies. As a total solution provider, Samsung Display strives to advance the future with next-generation technologies featuring ultra-thin, energy-efficient, flexible displays.
